PROFILE

Rogers Mugisha is a high quality player for his 19 years of age. He had been a part of every single Uganda National team youth selection and after his exceptional performance for **U20 Uganda national team** this years at AFCON U20 qualifiers for the World Cup and winning a title at the tournament as the **Best player at his winger position in Africa ***, he has been given a spot in **Uganda Senior National Team**. Uganda has population of 55 Million people.

His major strength is his quick feet and speed with a full ball control in 1 v 1 situations.

Although he is able to play equally on **both wings or inside forward positions**, he prefers the left side to use his stronger **right foot**. Here he can outrun wide while maintaining ball possession, or make a quick sudden body fairs to stab inside the shooting area position. He is an exciting, dynamic, very light winger with unexpected extra move that keeps defenders on their toes. He has super acceleration, agility, flair while maintaining body balance and coordination with a full match stamina. He has solid technical ability that could need a bit more work, good close ball control, fast direction shifts in possession. Player that always tries to find a vertical option in his game, so he is very capable of pushing his team forward quickly to finishing positions, which raises the count of chances per match. Likes to vary his play by running to the by-line to cross, cutting inside, using half-spaces and swapping wings in the middle of the game. And he likes to find open spaces to receive long passes with good timings and with a soft one touch ball stop. With proper continuation on his tacticals and the right assessment on his technicals, Rogers Mugisha has the potential to become a key player in a top European Club.

His defensive positioning is still improvable but he often tracks back to help in the defensive phase and is able to dispossess opponents thanks to his quickness. With Senior team coaches he is also improving his off-the-ball movements.

As his contract with UPDF FC in Uganda ends this Summer 2023 and he doesn't intend to extend his employment with them, he can sign immediately with any club **without the transfer fee**. Negotiable training compensation fee may incur payable to his latest club, as he had already played internationally prior to 2022-23 season.

Rogers is a very quiet, humble young man with an incredible drive and hard work ethic to push himself every day. He speaks English very well. He wants to learn, he is very accepting and no training is too difficult for him. He has a winning mentality, he is not afraid of any moment. He comes from a land that lacks opportunity and he is ready to take one in the European leagues. Undoubtedly, **his time in Europe should greatly stimulate his growth and his value for the club.**
